Cecil – there have been some back and forth edits this morning regarding the Expectations Document, and Cosmo wanted to make sure you also had the chance to review it. (Jen, Jim and Rich have concurred on the current version.)

Could you please take a look at the attached and let us know if you have any comments?
(The changes were primarily about the 1st paragraph and the jurisdictions' commitments to meeting the 2025 goals.)

I need to get it to HQ today so we can get approvals in time – we're targeting next Tuesday as the rollout day.
Thank you...joan
